- What is the problem, and how do different members in your community or neighborhood view it?
- What civic principles or systems could help to address the problem?
- What is your idea or recommendation for solving the problem?
- What primary sources, such as the Declaration of Independence or the United States Constitution, provide supporting evidence or examples for your idea or recommendation?
- How might members of your community or neighborhood bring your idea or recommendation to life?

Judging Criteria

Your essay will be evaluated based on how well you:

- Demonstrate an understanding of civics
- Acknowledge and address opposing points of view
- Use primary sources
- Clearly describe an idea innovative or new to you

Best of Luck!
